888 First Street NE
Washington, DC 20126

RE: *PennEast Pipeline Company, LLC*
Docket No. CP15-558-000

Dear Ms. Bose:

Cabot Oil & Gas Corporation (“COGC”), which has executed a Precedent Agreement to become a shipper on the proposed PennEast Pipeline Company, LLC (“PennEast”) pipeline project current pending before the Commission, respectfully files this letter in support of the project.

The proposed project will bring much needed pipeline infrastructure to Northeast, and will provide direct access to low-cost natural gas resources, permitting residences and businesses to have access to long-term affordable natural gas. The proposed project will also help to support the increasing demand for natural gas in the power generation and industrial markets.

It is COGC’s hope that the Commission will promptly issue a certificate of public convenience and necessity authorizing the project.

COGC appreciates the opportunity, as a prospective firm transportation customer of PennEast, to file this letter in support of the project.

Respectfully submitted,
CABOT OIL & GAS CORPORATION
