Skylands!

New Jersey State Botanical Garden & Manor

*(Dinner to follow at Maggiano's
Little Italy - Bridgewater)*

Wednesday, May 15, 2018
8:30am to 7:00pm

You're about to discover the Garden State's hidden jewel. From the delicate shades of a tiny wildflower to the vibrant colors of massed annual plantings, Skylands is a place of beauty in any season.

The NJBG includes 96 acres of specialty gardens surrounded by 1000 acres of woodlands. The former owner of the property collected plants from all over the world resulting in one of the finest collections of plants in the state. The Skylands Garden was the first property purchased under the Green Acres program and has now been placed on the State and National Registers of Historic Places.

When we arrive, we will break into two groups with half taking a guided tour of the gardens and the other half touring the Manor House. (**Note:** all tours are walking tours). We will then gather together to have a quick lunch at the carriage house (bring your own lunch or snack today). After lunch, we will enjoy the other segment of our guided tour.

On the way home, we will stop at Maggiano's Little Italy in Bridgewater to indulge in a wonderful family style dinner including appetizers, salad, pasta, entrées, desserts and beverages.

MAGGIANO'S
