Basis for Intervening:

Camp Gotta Get Away L.L.C moves to intervene in the proceedings on the basis that the proposed pipeline route will pass thru the property owned by the shareholders of the forementioned L.L.C. The construction of the proposed pipeline will directly effect the value of the land and in turn the value of the shares held by our owners. The proposed construction of the pipeline will also adversely affect the future use by our shareholders of the property as intended by the formation of Camp Gotta Get Away L.L.C.
