June 22, 2015

Norman Bay, Chairman  
Federal Energy Regulation Commission  
888 First Street, NE  
Washington, DC 20126

Dear Chairman Bay,

The proposed path of UGI's PennEast Pipeline is currently set to cross through my district of Bucks County, specifically Durham Township and Riegelsville Borough. It is my understanding that once UGI submits their application, the Federal Energy Regulatory Commission (FERC) will carry out the Environmental Impact Statement (EIS) and open a second round of public Scoping Meetings.

I respectfully request after the EIS of the proposed PennEast Pipeline is completed, that a public Scoping Meeting be held in Bucks County so that my constituents residing in close proximity to the proposed pipeline may have a venue to express their concerns regarding construction, safety and protection of their region.

Thank you in advance for your cooperation.

Sincerely,

Mike Fitzpatrick  
Member of Congress
