Join us for a trip to the Franklin Institute! This trip has something for everyone! General Admission includes access to three floors of hands-on science exhibits and a show at the Planetarium. Also, *Disney 100: The Exhibition* will be opening at the end of February and is a must see! Disney has curated special behind-the-scenes glimpses into the creation of the company's most popular characters, films, shows, and attractions—from Disneyland to Walt Disney World and beyond. Visitors will be taken on a journey through 100 years of The Walt Disney Company. Tickets for the Disney exhibit with General Admission are \$45 and \$41 for children (ages 3-11).
